

## **LIST OF PUBLICATIONS**

- Billiones, R.**, 2009. *A week in the life of ...Raquel Billiones*. The Journal for European Medical Writers 18:59.
- Billiones R.**, 2008. *Academic titles revisited*. The Write Stuff, The Journal for European Medical Writers 17:103.
- Billiones R.**, 2008. *Plagiarism in institutional institutions is extending to biomedical journals*. The Write Stuff, The Journal for European Medical Writers 17:43.
- Billiones R.**, 2007. *From academia to medical writing-And staying there*. The Write Stuff, The Journal for European Medical Writers 16:166-167.
- Billiones R.**, 2007. *A title to have and to hold*. The Write Stuff, The Journal for European Medical Writers 16:177.
- Billiones R.**, Brehm M, Klee J, Schwenk K, 2004. *Identifying Hyalodaphnia species and hybrids using restriction fragment length polymorphism (RFLP)*. Hydrobiologia 526:43-53.
- Schwenk K, Junttilla P, Rautio M, Streit B, Dove O, Bastiansen F, Knapp J, **Billiones R.** 2004. *Ecological and morphological differentiation of arctic Hyalodaphnia*. Limnology and Oceanography 49:532-539.
- Tackx MLM, Herman PJM, Gasparini S, Irigoien X, **Billiones R.**, Daro MH. 2003. *Selective feeding of Eurytemora affinis (Copepoda, Calanoida) in temperate estuaries: model and field observations*. Estuarine, Coastal Shelf Science 56:305-311.
- Billiones R.**, Tackx MLM, Daro MH. 1999. *The geometric features, shape factors and fractal dimensions of suspended particulate matter in the Scheldt estuary (Belgium)*. Estuarine, Coastal and Shelf Science 48:293-305.
- Billiones R\***, Tackx M, Flachier A, Daro N, Zhu L. 1999. *Image analysis as a tool for measuring particulate matter concentrations, gut content and clearance rates of estuarine copepods: validation and application*. Journal of Marine Systems 22:179-194.
- Billiones R.** *Spatio-temporal distribution of suspended particulate matter in the Scheldt estuary (Belgium) and interactions with zooplankton*. PhD dissertation, Vrije Universiteit Brussel, Belgium, September 1998.
- Billiones R.** *Environmental law does not always work: Case studies from the Philippines and other countries*. Annex thesis, Vrije Universiteit Brussel, Belgium, September 1998.
- Billiones R.**, Tackx M, Daro N, Verdoodt B. 1996. *Comparing particulate matter quantification by Coulter counter and image analysis*. Progress in Belgian Oceanographic Research, Brussels, Belgium. pp.27-30.
- Tackx M, **Billiones R\***. 1996. *Techniques for characterising suspended particulate matter in relation to the functioning of the food chain*. Proceedings, Southwatch '95. Cebu City, Philippines. pp.45-52.
- Tackx M, Daro MH, **Billiones R\***, 1996. *Techniques for measuring feeding by mesozooplankton on natural particulate matter in various environments*. In: J. Baeyens, F. Dehairs & L. Goeyens (eds), 1996. Integrated Marine System Analysis, Brussels, Belgium. pp.178-187.
- Tackx M, Zhu L, De Coster W, **Billiones R\***, Daro M. 1995. *Measuring selectivity of feeding by estuarine copepods using image analysis combined with microscopic- and Coulter counting*. ICES J. Marine Science vol.52:419-425.
- Billiones R\***, Espino A Jr. (eds.), 1995. *Science and Technology Advisory Council of the Philippines (STAC)*, Belgium Chapter Proceedings, vol.1, no.1.

## ***Billiones, R. List of Publications***

\* due to records discrepancy, family name was previously spelled as Billones, officially corrected as Billiones in August 1997.
